Corazón Moreno

### City

Querétaro

### Country

México

---

### Bio

*"Emotions & sensations, fire of earth. Experiences embodied in objects. Nostalgia for passion, for feeling the mouth fresh by love. "*

The land has its own language, its own stories... *Corazón Moreno* is a collection focused on transforming the passions of Mexico into functional objects with a contemporary language that expresses a way of being, not an identity. *Corazon Moreno* seeks to create an interpretation of existence, emotions and desires of the people of the Mexican land.

In search of a noble plastic manifiesto *Corazón Moreno* has been created by different perspectives of young Mexican minds, based on their memories and visions: Paulina Stephens, Ricardo Vázquez, Rodrigo Noriega, Luis Vega, Pedro Arturo & Alejandro Macias.
