Russia

Bio

I was born on November 10, 1990, in a family of photographers. In 2008, I entered the VSU's department of design and technical graphics. During my study have done many interesting works recognised by professional designers in the world. I participated in many Russian and international student competitions. From 2013 till 2014 I am working on a thesis project, designed the furniture, fixtures, partitions. In 2014, I have completed her diploma on "a set of furniture for co-working centre".

-2- PRODUCT INFORMATION

Product name 1

“Plexus”

Dimensions

1500 x 1500 x 750 (may be performed in different dimensions depending on premises)

Approximate weight

3kg

Technical description

Consists of four identical modules, twisted so that their elements intertwined each other and in general constitute a visually continuous form. Seems to be under a covering of space and makes it somewhat isolated from the rest of the environment.
